S: Environment - Our Earth

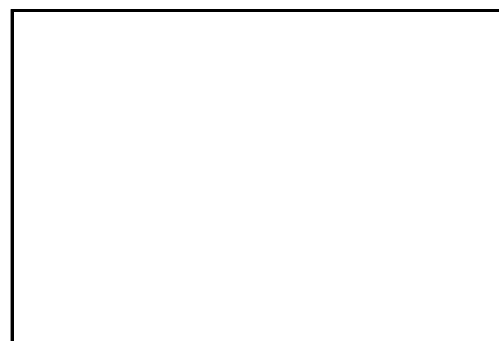

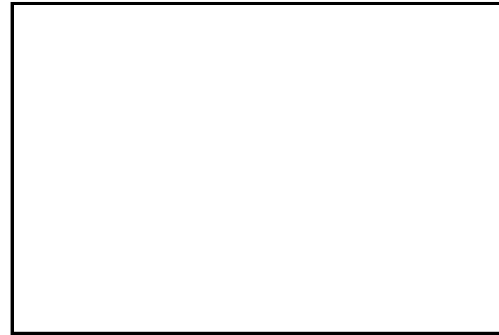

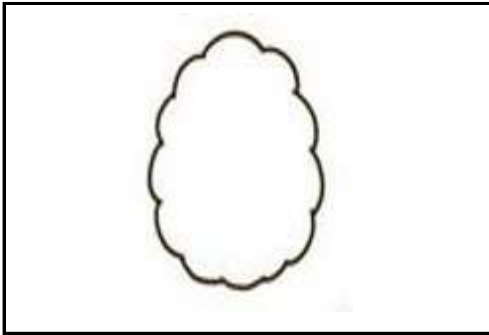

Earth is the third planet from the Sun and the only planet that supports life. Our well being depends on wellbeing of the planet as it gives food and water to all living things. The earth therefore needs to be taken care of. The picture below represents the current condition of the earth. Think and draw the kind of earth you want to live, in the circle given below.

Doodling : Techniques

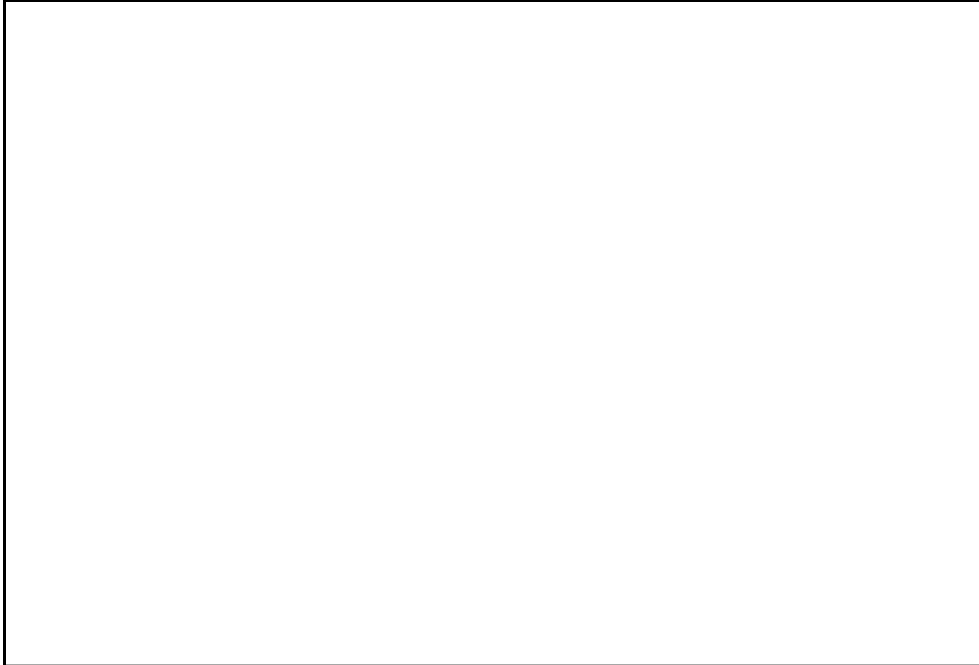

Doodles are simple drawings that can represent some meaning and just made up of random or abstract lines generally without lifting the drawing pen from the paper. Draw the sheep with the help of given picture and colour it.

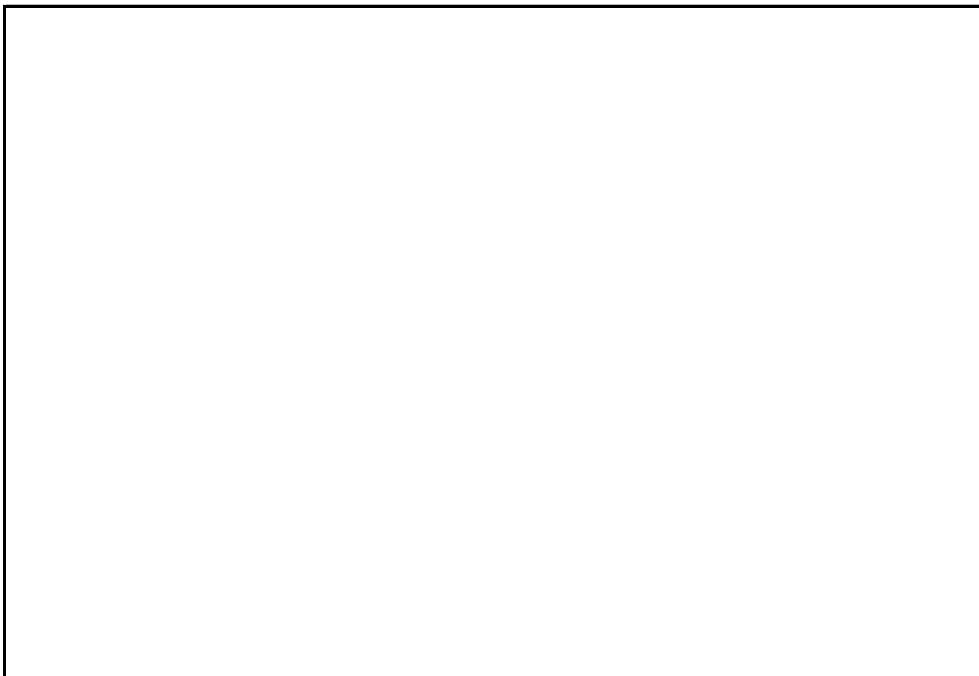

Doodling : Faces

Let us have fun by drawing human faces through doodling and represent various moods. Draw the face according to the given mood. You can use a pencil or a pen.

Happy Face

Sad Face
