Data handling: Pictograph

The following graph shows the number of buckets filled in 2 hours from different taps. Read the graph carefully and answer the following questions.

- How many buckets of water is collected by tap F in 3 hours. _____
- If one full bucket is equal to 10 L, how much water is collected from tap B. _____
- Which tap gives half the water as per given by tap D? _____
- Arrange the taps in ascending order, according to the quantity of water collected by them.

Answer Key: a) 3 b) 35 L c) Tap F

Data handling: Word search

Find the words given in the box.

Data, Bar chart, Table, Pie chart, Primary, Secondary, Frequency
