9.USA: Travel brochure

---

10.USA: Sports

---

11.Peru: Amazon rain forest

---

12.Peru: Language

---

13.Peru: Sports

---

14.Peru: Dessert

---

15.Peru: Currency

---

16.Peru: Unexplored places

---

17.Peru: Music

---

18.Peru: Industries

---

19.Peru: Natural resources

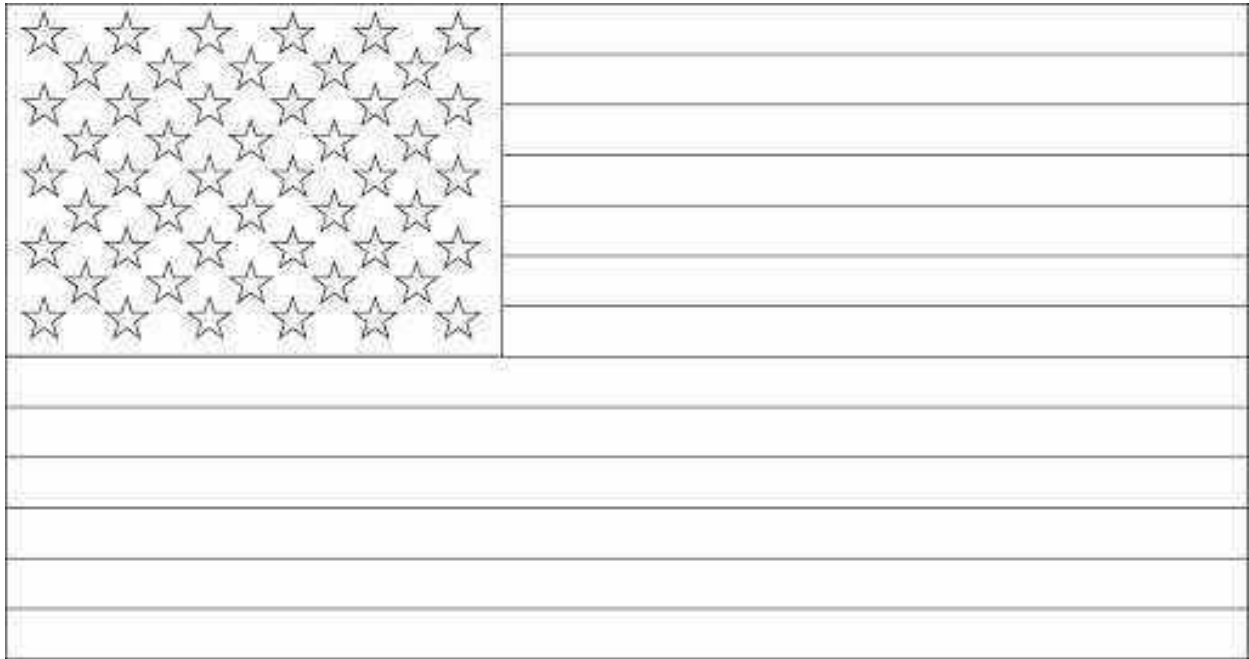

---

20.Peru: Dance

# USA: National Flag

The national flag of USA is often referred as the American Flag which consists of 13 equal and horizontal stripes of red and white alternatively and a blue rectangle to the upper left corner bearing 50 white stars. 13 stripes represent the British colonies that are now independent. 50 white stars represent fifty states under the United States of America. Below is an outline of the American flag. Colour it and write a short paragraph on it.

# USA: National symbols

National symbols are specific objects that represent certain objects, values, ideas and traditions. The primary six symbols in USA are the Liberty Bell, bald eagle, Uncle Sam, the statue of liberty, national anthem and the U.S. flag. Besides there are national flower, animal and food that are part of American national symbols. Here are some word puzzles.

Rearrange the letters and frame the correct symbols.

# USA: Geography

The United States of America consists of 50 states. The capital city is Washington D.C. Also there are a few minor islands and territories. The United States of America expands from the Pacific Ocean to the Carribbean sea. The most popular states are California, Florida, Texas, New York, Hawaii, Washington, Colorado, Connecticut, Nevada, Virginia, Massachusettes and Alaska. You are given a map of USA divided in states. Let's see how many of them you can mark correctly. Also challenge your friends and find out who knows America the best.
