

9-10 YEARS | WEEK 64

Hobbies & Interests - Numismatics & Vehicles

1. Aeronautics - Parts of an aeroplane

11. Paper planes - Triplanes

2. Aeronautics - Forces

12. Paper planes - Flight test

3. Aeronautics - Basic terms

13. Sticker collection - My sticker sheet

4. Technology - Aeronautics

14. Sticker collection - Sticker sorting

5. Aeronautics - Design a plane

15. Sticker collection - My favourite sticker

6. United Kingdom (UK) - Numismatic

16. Sticker collection - My stickers and me

7. Pick and tick - Hobbies

17. Cars - Grid drawing

8. Choose and mark - Favourite hobbies

18. Cars - Parts of a car

9. Paper planes - Paper glider

19. Cars - My supercar

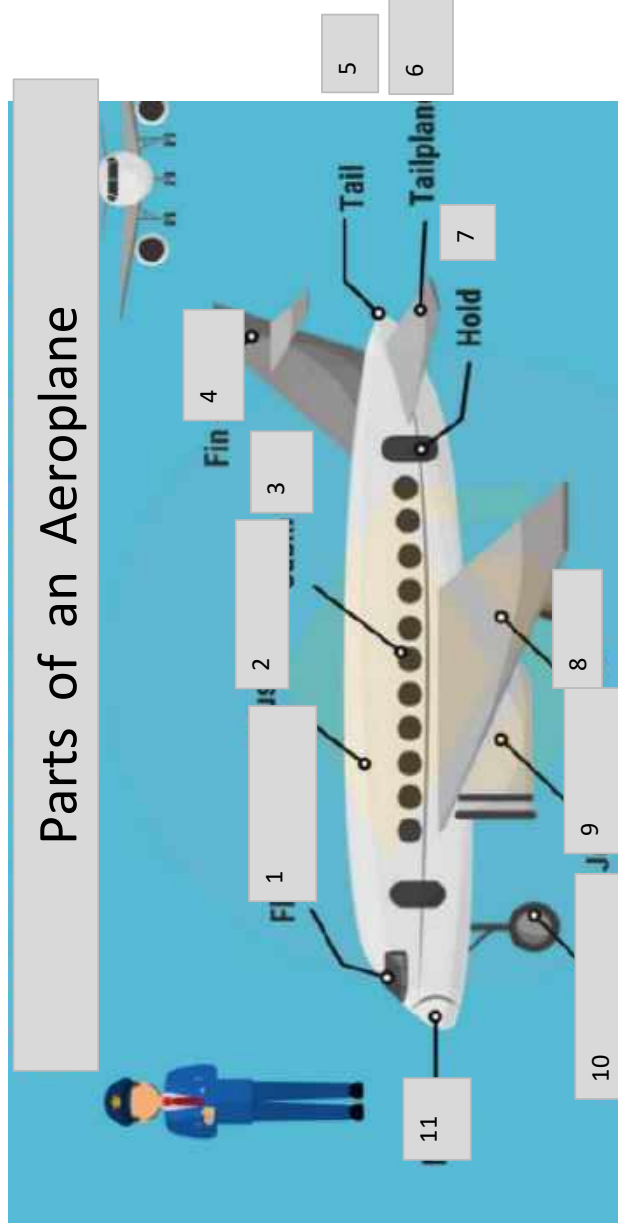

10. Paper planes - Paper helicopter

20. Cars - Types

T: Aeronautics - Parts of an aeroplane

An Aeroplane is made up of different parts, without which an aircraft can not move. Parts of an aeroplane are given in the following picture find out the parts with the help of keywords and write in the boxes.

Key words	
Flight Deck	Hold
Fuselage	Wing
Cabin	Jet Engine
Fin	Undercarriage
Tail	Nose
Tailplane	

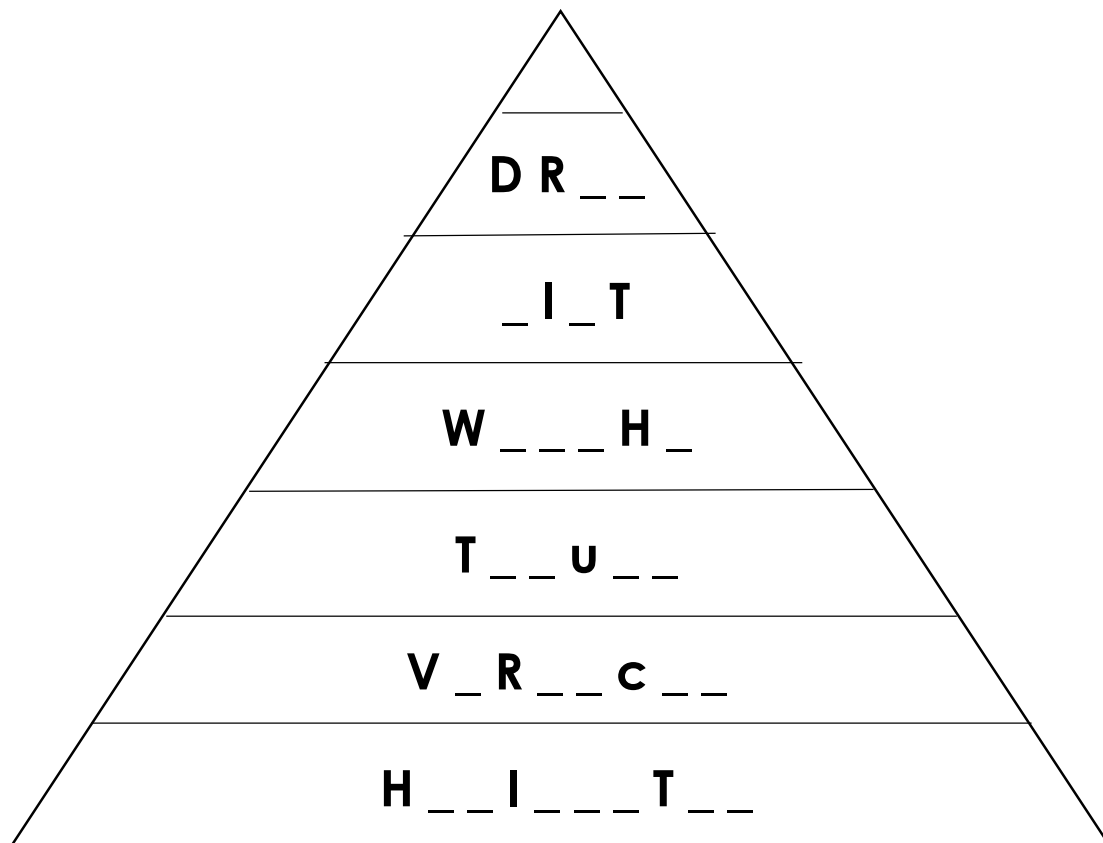

1. Flight deck 2. Fuselage 3. Cabin 4. Fin 5 Tail 6. Tailplane 7. Hold 8. Wing 9. Jet engine 10. Undercarriage 11. Nose

Answer Key:

T: Aeronautics - Forces

A force may be defined as a push or pull in a specific direction. A force has both a magnitude and a direction. There are some required forces applied while flying an aircraft. Find out which forces are applied and fill the gaps.

Answer Key: Horizontal, Vertical, Thrust, Weight, Lift, Drag

T: Aeronautics - Basic terms

Aeronautics is the study of the science of flight. Aeronautics is the method of designing an airplane or other flying machine. Let's learn about some basic terms of Aeronautics. Give answers of the following questions.

1 How many basic ideas of designing a plane?

A

2 What are the basics of aeronautical engineering?

A

3 What are the 4 main purposes of aeronautics research?

4 What do you study in aeronautics?

5 What is another word for aeronautics?

6 What is an example of aeronautics?
