

9-10 YEARS | WEEK 32

Science-Physics Concepts

1.Exploration-States of matter

2.States of matter-Sort objects

3.States of matter-Crossword

4.States of matter-Scavenger hunt

5.Choose and mark

6.Chemistry - Structure of atom

7.Chemistry - Matter

8.Chemistry - Change in state

9.Chemistry - Density

10.Chemistry - Mixture and solution

11.Answer it!

12.Electrical - Electricity

13.Electrical - Circuits

14.Electrical - Circuits in series

15.Electrical - Circuits in parallel

16.Electrical - Static electricity

17.Float or sink

18.Soluble or insoluble

19.Experiment - Properties of Matter

20.Let's Record our findings!

EXPLORATION - STATES OF MATTER

Unscramble the scrambled words to complete the sentences - Solid, Liquid, Gas

		SCRAMBLED WORDS	UNSCRAMBLE
1	Particles of this state of matter are tightly bound.	DOLIS	
2	Particles of this state of matter are loosely bound.	QULID	
3	Gas turning into solid is is the process of	TEIPDOSNOI	
4	Mercury gas in thermometer is in the state of	DIQUL	
5	Saturn planet can _____ on water	TALFO	
6	I can change ice into water by	NILMETG	
7	I can change water into steam by _____	ONRPVEAOAIT	
8	I can change water into ice by _____	GIERFEZN	
9	Dew drops on the leaves in a winter morning is an instance of _____	NIANDNOCESTO	
10	Dry Ice (Solid Carbon-di-oxide) turns into Gas Carbon-di-oxide by the process of _____	ITAILUSBMNO	

STATES OF MATTER - SORT OBJECTS

Tick all that states that apply !

SOLID

LIQUID

GAS

SOLID

LIQUID

GAS

YES

YES

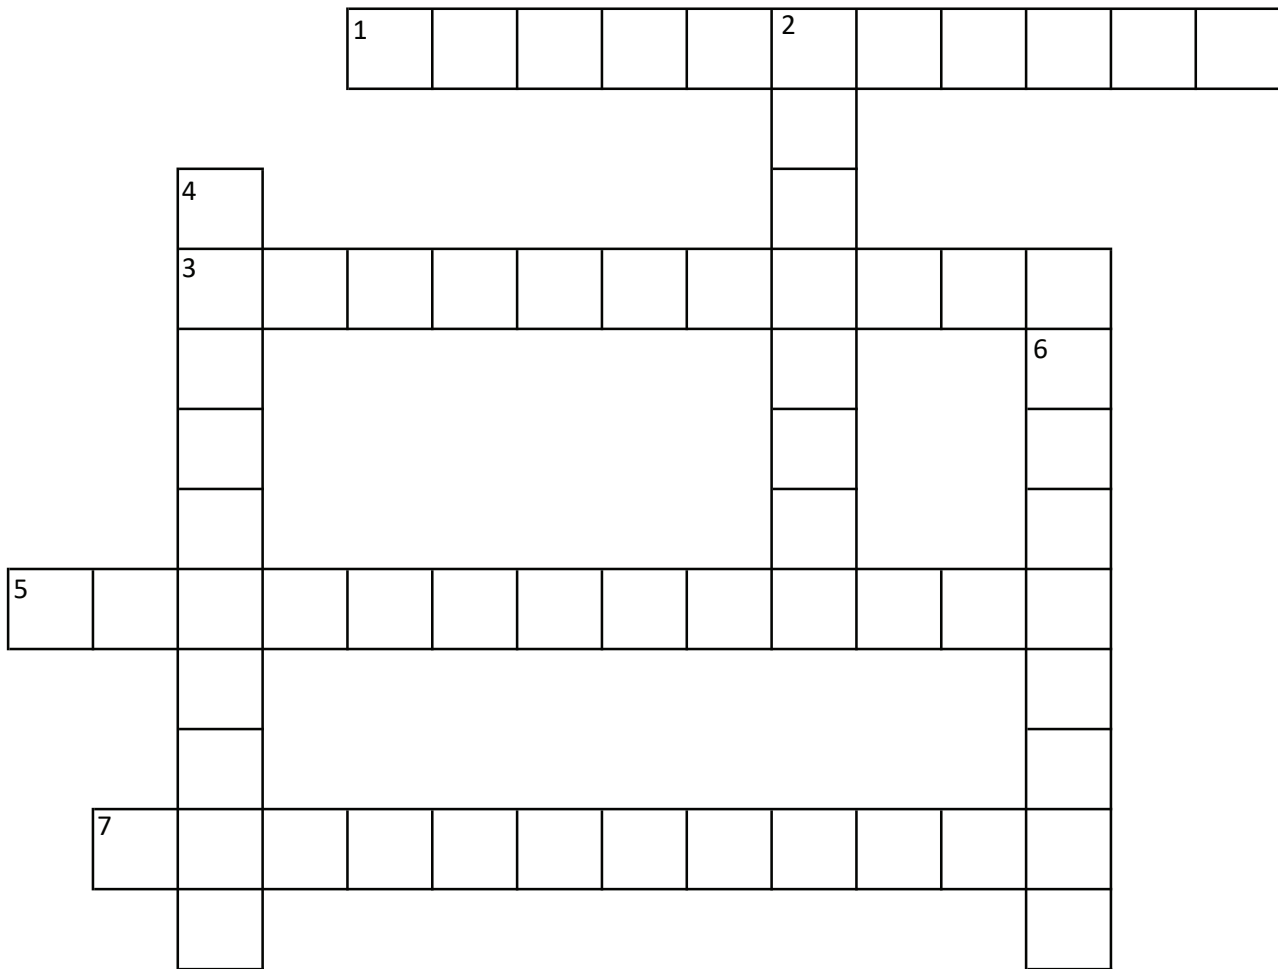

NO

STATES OF MATTER - CROSSWORD

Read the clues and fill the blocks at given number and direction.

ACROSS

- 3 LIQUID turning into GAS (11)
- 1 SOLID turning into GAS (11)
- 7 GAS turning into LIQUID (12)
- 5 The temperature at which liquid boils is called its (12)

DOWN

- 2 SOLID turning into LIQUID (7)
- 6 LIQUID turning into SOLID (8)
- 4 GAS turning into SOLID (10)
