

6-7 YEARS | WEEK 39

Science - Physics Concepts

1. Physics concepts - Tick the stretchy items

2. Physics concepts - Float or sink

3. Physics concepts - Properties of object

4. Physics concepts - Objects and materials

5. Physics concepts - It sinks or floats

6. Everyday science - Natural resources

7. Everyday science - Resources

8. Magnet - Vocabulary

9. Unscramble - magnets

10. Everyday science - Colour puzzles

11. Magnets - Crossword

12. Magnets - Wordsearch

13. Physics concepts - Attract or repel

14. Activity game - Magnet grid

15. Activity game - Magnet grid

16. Physics concepts - Magnet

17. What is the energy source?

18. Physics concepts - Gears

19. Physics concepts - Pulley

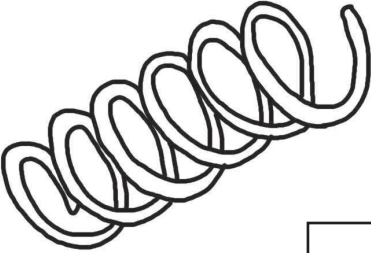

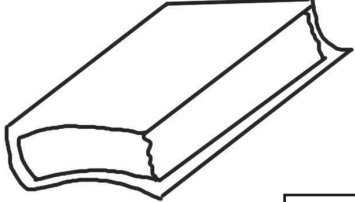

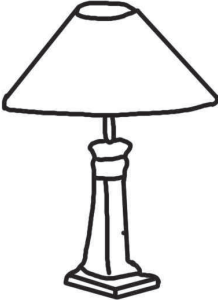

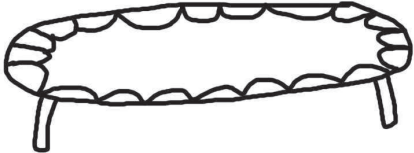

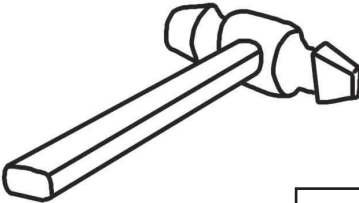

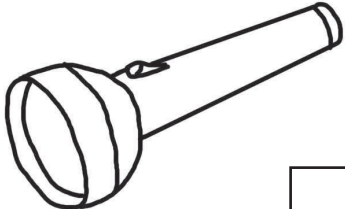

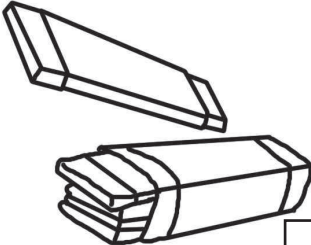

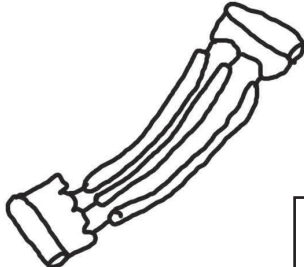

20. Physics concepts - Levers

Tick

Look at the items below. Which items are stretchy? Tick the stretchy items.

 <input type="checkbox"/>	 <input type="checkbox"/>	 <input type="checkbox"/>
 <input type="checkbox"/>	 <input type="checkbox"/>	 <input type="checkbox"/>
 <input type="checkbox"/>	 <input type="checkbox"/>	 <input type="checkbox"/>
 <input type="checkbox"/>	 <input type="checkbox"/>	 <input type="checkbox"/>

Float or sink

Circle the things that will float in water.

S: Concepts - Properties of objects

Objects that are used daily are our basic needs. Chair, table, clothes, kitchen utensils are some of them. Let's see what are the things that we cannot live without. Can you name the things drawn here? Also write about their properties; soft or hard, stretchable or unstretchable, breakable or unbreakable.

Answer Key: chair-hard+breakable, tyre-stretchable, television-breakable, books-hard, cup-plate-breakable, saucepan-hard
